

Jonny L. Salyer, M.D.

Dr. Jonny L. Salyer serves as a co-chair board member for Pearl IRB. As a pathologist, Dr. Salyer has practiced clinically for over 20 years. Due to her strong experience in her work for CRO's and in supporting PIs, Dr. Salyer is well suited to serve as primary reviewer for board meetings. Dr. Salyer has a broad background in medical services, including regulatory consulting, medical laboratories, and CRO services. Serving as a member of the team for Pearl IRB allows Dr. Salyer to fulfill her passion for acting as a patient advocate and working with people.

Most recently, Dr. Salyer served as the Global Vice President of General Medicine at INC Research. Dr. Salyer has also worked for Covance, MDS Pharma Services, and served as Medical Director of SED Medical Laboratories. Dr. Salyer takes pride in working towards improving team moral and creating a positive atmosphere for scientific professionals.

Dr. Salyer is a graduate of Indiana University Medical School.
