## **Pearl Pathways Hires Zac Unger**

*Unger's IT background adds broad expertise to the Pearl Pathways' team.*

INDIANAPOLIS, INDIANA –June 26, 2014- Pearl Pathways is pleased to announce the hiring of Zac Unger as a Regulatory Analyst. Unger brings a strong blend of Information Technology (IT), document publishing, and software systems to the Pearl Pathways team.

"We are proud to have Zac join us at Pearl Pathways," Diana Caldwell, President and CEO shares. "His background and knowledge base are important assets to our investment in growing Pearl Pathway's regulatory publishing service offerings."

His responsibilities with Pearl Pathways includes providing assistance with global Electronic Common Technical Document (eCTD) filings, publishing support for IND/NDA/510k submissions, and editing documents to meet FDA standards.

Prior to joining Pearl Pathways, Zac assisted a start-up in building a regulatory intelligence database to track FDA quality compliance actions while earning his degree in Computer Information Technology (CIT) from Indiana University-Purdue University Indianapolis.

## About Pearl Pathways

**Pearl Pathways** is a comprehensive life science product development services company. Our experienced team is obsessed with expediting life science product development regulatory pathways. We have three business units to serve you:

**Pearl IRB** is a full service commercial Independent Review Board that provides human research IRB reviews, IRB exemptions and waivers, and also offers support for research protocol/ICF medical writing, site assessments, and monitoring services.

**Pearl ReGXP** is a regulatory and quality compliance consulting practice that provides regulatory filing guidance, conducts global health authority negotiations, develops/improves quality systems, and delivers GMP/GLP/GCP auditing services.

**Pearl IDEAS** provides strategic product development assistance, third party vendor selection and management strategies, due diligence services, and sales and marketing services for drug, biologic and device companies.
